

CSR & COMMUNITY IMPACT

Circular Economy & Local Community Supply Chains

A two-day programme in circular economy & community supply chains, with eight modules and workplace application.

DURATION 2 days

DELIVERY Public or in-house

Why this programme

Learn how to design zero-waste, circular community ecosystems that create localized micro-economies, waste-to-value initiatives, and green community jobs.

What participants will learn

- 01** Transition linear CSR waste-management projects into profitable circular economies.
- 02** Empower local communities to create micro-enterprises from waste streams.
- 03** Build localized, resilient supply chains that minimize carbon and maximize employment.

Who should attend

CSR and sustainability professionals, corporate foundations, community engagement teams, NGO leaders and social-impact programme managers.

How you will learn

Trainer-led explanation and discussion connect the module topics to workplace application.
